Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

The primary reasons for allowance is that the art of record does not disclose, nor would it be obvious to modify the art of record so as to include the limitations, in combination with the other limitations, a probe station for testing a device under test, said probe station comprising a second platen having a top surface supporting thereon an optical probe to emit light for impingement on said device under test and, alternatively, to detect light emitted by said device under test toward said first platen and propagating on an axis not substantially normal to said first surface; said first platen positioned above said second platen and above said device under test.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
